DONALD E. THOMAS

Ebron, is an enthusiastic seven-year-old boy who is eager to try new things and welcomes challenges. On December 5th, he receives a wonderful gift from his parents for his birthday. Ebron has to wait until the snow melts, to be able to enjoy his amazing gift. Go on an adventure with Ebron, as he learns about patience, confidence and an amazing new skill.

Ebony, our lives and adventurous main character loves basketball and enjoys reading to her dog. She's a bright student with plenty of friends, though she occasionally struggles with math most of the story unfolds in her kitchen and bedroom where her math challenges often keep her up at night. One restless evening, she stumbles into a magical Math land where she encounters four energetic frogs, who are math through their guidance. She discovers that by stepping back taking a deep breath and focusing, she can master even the toughest problems. The new found approach sparks a deep love for Math and boost her confidence and tackling challenges.
